

Below is a list of some of the suppliers we use. Please feel free to stop in at your convenience and browse their selections. We have included their store hours; however, you may want to Google them again just to verify that they are 100% accurate as they may have recently changed.

Please note: It is generally more productive to schedule an appointment with the contacts listed below.

Once you decide on what you like, please request a written quote. We can then call and obtain our contractor pricing. Depending on the item, we often receive discounts that are greater than our 20% markup.

This allows us the opportunity to pass along our savings as well as take the ordering and delivering of all materials off your hands.
